

HERGUAN UNIVERSITY

Turning Hope into  
**ACTION!**

*Industry Driven University*

Welcome to  
**HGU**

## **MISSION**

Herguan University provides quality educational programs and services that appeal to local, national, and international students that lead to meaningful employment by launching or enhancing students' careers in business, technology or related fields of study.

## **VISION**

To become the University of choice for American and international students who value the nexus of diversity, learning, and employment.

## **CORE VALUES**

- To Demonstrate Subject-Matter Expertise
- To Think Critically
- To Communicate Effectively
- To Practice Information Literacy
- To Express Global Awareness
- To Behave Responsibly and Ethically

## MESSAGE FROM THE PRESIDENT OF HERGUAN UNIVERSITY

Dr.Ying Qiu Wang  
President

Dear Reader ,

As we begin the twenty-first century, education is undergoing great changes, merging with the Information Superhighway.

Innovations in technology and communications have enabled the educational sector to expand its realm in providing education to a wider range of students in extensive geographic areas.

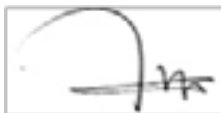

Herguan University is dedicated to utilizing the latest technologies in its efforts to bring the best possible education to students all over the world.

We seek to challenge our students and, in doing so, provide them with the services and opportunities necessary to enable them to successfully complete their respective degree programs.

The name of the University comes from the Chinese words “core” (her) and “gate” (guan). We believe that you are the core and the knowledge you gain will open the gates to wonderful opportunities.

The objective of Herguan University is to strengthen the educational foundation and stimulate the professional careers of individuals who are eager to grasp the opportunities of tomorrow’s job market.

Thank you for taking the time to learn more about Herguan University!

# Thank You Letter From Our Current Student

To,

Dt:11/28/2011

Herguan University

595 Lawrence Expressway,

Sunnyvale, Ca-94085.

Sub: Appreciation and thanking HGU for providing us great future.

We are writing this letter to thank you for the wonderful education you have provided us. It was an honor to be a student of Herguan University. Your support has kept us from worrying so much about our future in United States of America which we were very nervous in the early days , and it has made it possible for us to make our dreams come true and today back home our families are really proud and happy with our achievements . I truly value my education here at Herguan University, and this University has provided us the opportunity to continue with my educational pursuits without any hindrances.

I have always looked forward to a career in the field of Information Technology and Computer Sciences, and I investigated many universities during my initial days in USA. We came to the conclusion that Herguan University had the quality education I was seeking at affordable cost and very convenient location. The faculty and staff have been very supportive during my tenure at HGU and today we are working in good companies not only us many of our fellow classmates are working in top companies.

Thank you again for all your efforts in designing our careers and future. I look forward to the time that I can help others as you have helped me. I wish Herguan University to produce many more graduates and help American economy in big way.

God Bless America.

Sincerely,

Rakesh K.  
Pandu R.

# Thank You Letter From Our Graduate

Date: 11/25/2011

Day: Friday

Herguan University,  
595, Lawrence Expressway,  
Sunnyvale, CA – 94085.

## **To whom it may concern**

We are the students of your esteemed university, doing Masters in Computer Sciences. We have very good and well equipped campus and class rooms where our classes will be scheduled and we can have our seminars etc., The University helps us in achieving our ambitions, goals and provides good service. The University is well equipped and has a good infrastructure.

We have a very good faculty who are helping us, guiding us with our knowledge to help the country in the future. The faculty is well experienced, have specified skills. I can see that Herguan University is formally working and perfectly operating.

I fully hope Herguan University to continue developing and encourage students in the same way.

Thanking You,

Pratyusha K.  
Bindu Y.  
Swathi C.

# Congratulations Letters From Very Important Officials

**D**ue to our formal operation of the school and high quality education, Herguan University has cultivated lots of management, computer science and high-tech professionals. We have improved the community economy development and the job market, and made great contribution to our society, which has got the acknowledgement and support from the society.

# Letter From President of Herguan University to President Obama and Congress

**Dear Honorable President Obama and the US Congress,**

I am writing you about the Herguan Law and how it can save the US economy. The US economy has been in recession and it is getting worse. It has seriously threatened peoples' lives and the development of the US economy. Everyone has the responsibility to save our economy. Based on my suggestion of "saving the economy by Herguan," I am looking forward to contribute to the US economy by sharing this with you.

There are three fundamental reasons for the economy's recession:

1. lack of the recognition of green energy
2. failure to follow the rules of Herguan Law of Universe to develop the economy
3. failure to utilize the green energy in the Universe and transforming it into an economic driver

I want to set out the following five measures regarding "Herguan Laws to Save the Economy:"

## **First, Complete the Herguan System.**

The Herguan operational system should be completed and adjusted in all the US governmental Departments and throughout all the companies throughout the country.

## **Second, Follow Herguan Rules.**

All the national industries and all firms should follow the Herguan Law of the Universe with more training and education, so as to increase the productivity and produce more high quality products. It helps to expand the industries and firms so as to set up more bases to enhance the economic development.

## **Third, Support Medium and Small Businesses.**

For those medium and small businesses which are not in good standing, the government should support them and give them training on the Herguan laws so as to resume their productivity. Those firms would hire more employees and put them into productive work and solve the some of the unemployment problems.

## **Fourth, Obtain Universal Energy.**

The greatest resource to develop the economy is green energy from the Universe, wisdom and controlling its capacity. Therefore, all the governmental departments and firms throughout the US should open themselves up so as to obtain the Universe's energy. All the management in the

firms should have training in Herguan's Universal Laws, the spirit and wisdom for economic development. They should use the green energy, wisdom and controlling capacity to develop the national economy.

**Fifth, Speed-Up the Development of Education.**

Education is the foundation for economic development; therefore we should support the educational development of the nation. We should cultivate the leaders by using the Herguan Law of the Universe and they will use the Herguan Laws to save the US economy.

The Herguan Law of the Universe is the greatest wisdom taken from the Universe. I believe that it is the greatest wisdom, which can be transformed into economic productivity so as to make contribution to the US economy.

I would like to have a further discussion with the US President and Congress. If necessary, we may have a "Seminar on Saving the Economy."

I am looking forward to your reply. Thank you.

# Congratulation Letters From the VIP

**Congratulations**

賀詞

MICHAEL M. HONDA  
15TH DISTRICT, CALIFORNIA

**Greetings from  
Congressman Michael M. Honda  
to Herguan University on the occasion of  
the 3<sup>rd</sup> Annual Global Chinese Medicine Conference**

October 11<sup>th</sup>, 2008

It is with great pleasure that I welcome everyone to the third annual Global Chinese Medicine Conference hosted by the Herguan University. This event provides a great opportunity to recognize Huguang University's mission to provide high quality education on Chinese influenced medical practices and therapies.

Herguan University was established three years ago in hopes of introducing Chinese medicine to the Western medical world. Today, the university continues to expand in an effort to provide more professional and advanced education on Chinese medicine. This conference focuses on the academic exchange of traditional Chinese medicine and the latest herbal medicine technology in the world. By gathering physicians, business leaders, scientists, and entrepreneurs worldwide, this conference will significantly contribute to our knowledge of Chinese influenced medical practices, therapies, and herbal medicine.

I would like to extend my support to the efforts of Herguan University, and congratulate them for their ongoing effort on behalf of the community. I offer my best wishes for the success of today's event.

With warmest regards,

Michael M. Honda  
Member of Congress

President of the HERGUAN UNIVERSITY

Dear President Wang,

It was a great honor for me to be a part of the celebration when you first opened the doors to Herguan University. I knew then the beautiful spacious campus would be a great asset to the city of Sunnyvale, but most of all for all the students who would pass through the doors of your University.

Your outstanding faculty and staff have contributed much towards social advancement for your students. We as a city appreciate your training of high quality and dedicated students in leading technologies of Silicon Valley. Your students have improved their opportunities for economic and social development.

President Wang, congratulations on successful 3 plus years of operation the HERGUAN UNIVERSITY. It is one of the shining stars in the City of Sunnyvale; I wish you continued success as you go forward.

Regards

Former Mayor and Councilmember of the City of Sunnyvale.

Dear Dr. Wang,

I appreciate you contacting my office to share your concerns facing Herguan University under the current laws relative to education and immigration requirements. As my staff mentioned, I am a strong supporter of education and immigration reform and will keep your concerns in mind should the reforms you propose come for a vote in the Congress.

Thank you again for bringing these important issues to my attention.

Sincerely,

Dear Friends:

I want to take a moment to personally congratulate the administrators, faculty, staff and students of Hefuguan University on this special occasion of Hefuguan University's Third Anniversary and the opening of a new campus. You all have contributed greatly and have been invaluable throughout the years to Hefuguan University.

This milestone reached by Hefuguan University represents the proud accomplishments of the school to train highly technical professionals in the Silicon Valley. Hefuguan University currently offers Master Programs in Business, Computer Science and Electrical Engineering and has over 600 enrolled students with over 300 graduates who are now working for reputable IT companies and firms in the Silicon Valley. Educational institutions are a powerful social force, capable of contributing significantly to the economy and to the welfare of the workforce. It is without a doubt that Hefuguan University has been able to make a positive economic and social impact on the entire community.

Once again, I commend the university family for their dedication and excellence thus far. The future is bright for Hefuguan University and I wish you all continued success with your future endeavors and aspirations.

Sincerely,

  
KANSEN CHU  
Councilmember

Herguan University  
595 Lawrence Expressway  
Sunnyvale, CA 94085

Dear Friends,

I would like to extend a heartfelt congratulations to Herguan University for its Third Anniversary & New Campus Construction Completion on December 17, 2010.

Herguan University is located in the heart of Silicon Valley and its goal is to provide learning programs and systems that expand the understanding and application of existing and new business practices, engineering, science, electronics and information technology. Its Master Programs in Business, Computer Science, and Electric Engineering have achieved great success in the past three years.

Since its founding in 2007, Herguan University has educated many competent engineers, business administrators, and computer scientist who are equipped with a thorough understanding of professional ethics, intellectual property law, environmental protection, and other contemporary issues. It guides students in making decisions in expanding businesses and prepares future leaders to achieve successful ventures. Herguan University's dedication and achievements in promoting higher education is truly worthy of praise.

On behalf of the United States House of Representatives and the people of the 32<sup>nd</sup> Congressional District, I offer my congratulations and best wishes for your continued success.

Sincerely,

A handwritten signature in cursive script that reads "Judy Chu".
